

Supporting student success through computer-based instruction and assessment

Friday, February 24, 2017

Light refreshments will be served at 1:45 PM

2:00 – 3:00 PM

A roundtable discussion with Professor Abraham will take place at 3:00 PM

NSB 1205 (Auditorium)

Joel K. Abraham, Ph.D.
Associate Professor
Biological Sciences
California State University, Fullerton

Dr. Abraham will discuss his research on computer-based approaches to instruction and assessment of biology conceptual understanding and skills in graphing and experimental design. He will also discuss the potential benefits and drawbacks of computer-based approaches, as well as new projects currently in development.

Hosted by: Ella Tour (etour@ucsd.edu), 4-0913
