question@biology.ucsd.edu

This major is designed to provide students with the fundamental courses required for entry into: schools of medicine, veterinary medicine, dentistry, and pharmacy; graduate programs in the biomedical sciences; and biotech research, teaching, medical technology, patent law, physical therapy, nutrition, and nursing. The core classes required of all Human Biology majors provide the student with the basic principles that help us understand normal human physiology and the molecular basis of human disease. The course options in Human Physiology, Human Disease, and Biomedical-related laboratories provide the student with educational breadth while still allowing the student considerable flexibility in tailoring their course of study to suit their educational goals.

suggested four year plan - subject to change - consult advisors with questions

	FALL	WINTER	SPRING
FR	Chem 6A Math 10A/20A	Chem 6B Math 10B/20B	BILD 1 Chem 6C Chem 6BL Math 10C/11/20C
SO	UD Bio Lab Chem 140A/141A Physics 1A&1AL or 2A	BILD 2/3 Chem 140B/141B Physics 1B&1BL or 2B	BIBC 102 Chem 143A Physics 1C&1CL or 2C Physics Lab (if taking 2 sequence)
JR	BICD 100 BIPN 100	BIMM 100 HB Core	UD Bio Elective HB Core
SR	UD Bio Lab UD Bio Elective	HB Core	BIMM 110

This sample plan is based on current year requirements.

Depending on when you entered UCSD, your requirements may be different.

Please refer to the appropriate degree check or contact Biology Student Affairs.

- All courses for the major, including prerequisites, must be taken for a letter grade.
- The upper-division biology labs are to be chosen from BIBC 103, 105, BICD 111, 131, 133, 145, BIMM 101, 121, BIPN 105, BISP 196/199

Staff Advisors

General advising for all majors

Drop-in Advising 9:00am-12:00pm and 1:00pm-4:00pm Tuesday, Wednesday, Friday	Advising Appointments 9:00am-12:00pm and 1:00pm-4:00pm Monday and Thursday
