

The 2022 Stephen W. Kuffler Lectures

Yuh-Nung Jan and Lily Jan

Department of Physiology
University of California, San Francisco

Ion Channels for Neuronal Function and Development

*Travel Hopefully Along a Serendipitous Path in
Neurobiology* (Yuh-Nung Jan and Lily Jan)

Tuesday, May 24th, 4:00 p.m.

*Mechano-sensitive Channels in Sensory Physiology
and Development* (Yuh-Nung Jan)

Wednesday, May 25th, 4:00 p.m.

Unexpected Ion Channel Functions (Lily Jan)

Thursday, May 26th, 4:00 p.m.

Liebow Auditorium
University of California, San Diego
