BIOLOGICAL SCIENCES
TRANSFER MAJOR PREPARATION

Transfer Major preparation requirements must be satisfied for consideration of admission to a biology major.

- **BILD 1 and 3**
- **CHEM 6A, 6B, 6C, and 7L**
- **MATH 10A or 20A** and **MATH 10B or 20B**
- This coursework must be completed with a letter grade of C- or higher
- **Earn a minimum 2.5 GPA** in the Transfer Major Preparation courses
- **AP, IB, or A-Level credit is accepted** but will not factor into the Transfer Major Preparation GPA

Transfer students can only become a School of Biological Sciences major at time of admission to UC San Diego.

- **Use Assist.org** to determine which California community college coursework can be taken to earn the appropriate credit
  - Select the appropriate academic year for the correct agreement
  - Filter course search by department, rather than by major
  - Pay attention to series-to-series agreements vs. course-for-course agreements
